Audit & Risk Committee Charter

1. Scope and Authority

The primary function of the Audit & Risk Committee is to assist the Board of Directors in fulfilling its responsibilities by reviewing:

- the financial information that will be provided to shareholders and the public;
- the integrity and quality of the Group's financial statements and disclosures;
- the systems and processes that the Board and management have established to identify and manage areas of significant financial risk as well as the effectiveness the Group's risk management framework; and
- the Group's auditing, accounting and financial reporting processes.

In carrying out its responsibilities the Committee has full authority to investigate all matters that fall within the terms of reference of this Charter. Accordingly, the Committee may:

- obtain independent professional advice in the satisfaction of its duties at the cost of the Group; and
- have such direct access to the resources of the Group, as it may reasonably require, including management and the external and internal auditors.

The Committee acts primarily as an advisory body to the Board and in making recommendations to the Board. The Committee does not, as of itself, have the power or authority of the Board in dealing with the matters on which it advises except where certain powers are specifically set out in this Charter or are otherwise delegated by the Board.

Subject to any regulatory obligations, it is not the responsibility of the members of the Committee to determine that the Group's financial statements and disclosures are complete and accurate and in accordance with applicable rules and regulations or to plan or conduct audits.

The Committee will undertake the functions set out in the ASX Corporate Governance Council's Corporate Governance Principles and Recommendations (as amended from time to time) of an audit committee and a risk committee, and will take into account those risk committee functions undertaken by the Board's Health Safety & Environment Committee as set out in its charter (being those relating to the Group's operational risks specific to health, safety and environment matters).

2. Composition

The Audit & Risk Committee shall comprise at least three non-executive Directors all of whom the Board considers to be independent. The Board will determine each Director's independence having regard to any past and present relationships with the Group which, in the opinion of the Board, could influence the Director's judgement.

All members of the Committee shall have a working knowledge of basic finance and accounting practices. At least one member of the Committee shall have accounting or related financial management expertise, as determined by the Board.

The Chair of the Committee is to be selected by the Board, but shall not be the Chairman of the Board.

A quorum for Committee Meetings is two members of the Audit & Risk Committee.

The Committee may invite members of the management team to attend the Meetings and to provide information as necessary.

3. Meetings

The Committee shall meet not less than four times a year or more frequently as circumstances require.

The Group's CEO, senior financial management, Company Secretary, external auditor and internal auditor shall be available to attend all Meetings.

As part of its responsibility to foster open communication, the Committee should meet separately with management, the external auditor and the internal auditor in private session, at least annually.

Audit & Risk Committee Minutes will be confirmed at the following Meeting of the Committee.

4. Reporting

The key matters discussed at each Committee Meeting are to be ordinarily reported by the Chair of the Committee to the Board at the next Board Meeting. The report should include all matters relevant to the Committee's role and responsibilities including:

- the review of the Group's financial statements;
